Experience

Software Engineer, *Oracle Cloud Infrastructure (OCI)*

Aug 2022 – Present

- Led a team of 3 engineers as the Tech Lead, developing a critical feature for a new product in collaboration with Microsoft Azure, successfully delivering it ahead of schedule.
- Spearheaded a cross organizational effort to cut operational expenses of ~\$4M per year by developing resource optimization scripts, collaborating with finance, product, and senior stakeholders to reduce costs throughout the organization.
- Designed, implemented, tested, and documented numerous APIs, features, and bug fixes for several Oracle Multi-Cloud products, resulting successful on-time deliveries and user experience improvements.
- Led a team of 15+ software engineers as the Scrum Master, overseeing resource management, Scrum events, and strategic discussions with senior management, product stakeholders, and partners, resulting in the successful and consistent deliveries of all tasks.

Surface Warfare Officer, *United States Navy*

May 2015 – Jun 2021

- Directly managed 18 personnel as the Operations/Intelligence Officer through 20+ certifications, inspections, exercises, and a 9-month deployment to the Mediterranean Sea and Middle East, resulting in 9 staff promotions.
- Managed anti-terrorism and safety programs for 300+ personnel, achieving a 20% decrease in security and safety incidents, and scoring above-average results in all inspections and certifications.
- Ranked "Number 1 of 22 Division Officers" and, while on temporary assignment, ranked "Number 1 of 9 Divisions Officers", based on performance, productivity, and leadership.
